Summary

I'm a recent graduate of Olabisi Onabanjo University (OOU) with a strong passion for Software Development. During my academic journey, I interned at FBIS Technologies in Lagos State, where I gained hands-on experience working alongside industry professionals. I developed practical skills in HTML, CSS, and JavaScript, allowing me to create user-friendly websites. I also explored web development frameworks like React and backend technologies such as Node.js, enhancing my proficiency in full-stack web development. Now that I've completed my degree, I'm actively seeking opportunities to apply my skills to real-world projects in the software development industry. I'm eager to connect with professionals, mentors, and potential employers who share my enthusiasm for pushing technology boundaries and creating impactful software solutions. Please feel free to connect with me on LinkedIn to discuss collaborations or exchange insights.

Experience

Internship Trainee

FBIS Technologies LTD

Oct 2021 - Mar 2022 (6 months)

During my internship at FBIS Technologies Limited, I focused on web development and accomplished the following projects:

- Survey Form: Created a fully functional and visually appealing survey form with HTML, CSS, and validation features.
- Technical Documentation Page: Developed a well-organized and accessible technical documentation page, presenting information effectively using HTML and CSS.
- Product Landing Page: Designed and built a responsive product landing page, incorporating engaging visual elements and employing responsive design techniques.
- Personal Portfolio Website: Constructed a personal portfolio website to showcase my web development skills and highlight my projects.

Education

Olabisi Onabanjo University(O.O.U)

Bachelor of Engineering - BE, Computer Engineering

Nov 2017 - May 2023

Licenses & Certifications
